

Switch to safety. Switch to peace of mind.

V-Guard Domestic Switchgears & DBs

(Price List 16.11.2017)

V-GUARD 

Designed for safety

For over four decades V-Guard lived up to the reputation of making reliable products that were designed to work efficiently and last a lifetime. And now we are taking our next quantum leap. Harnessing the learnings, insights and experience of four decades it will be our endeavour to understand human lives and its relationship with the tools and appliances that he uses. And then to evolve a seamless experience with thoughtful engineered products in our quest to enriching consumer lives.

V-Guard offers a wide range of products built for day to day modern living. Domestic Switch Gears that ensure complete, foolproof safety is just another step towards this vision. V-Guard switch gears are available with more than 10000 authorized dealers and 250 distributors located across 19 states.

They are engineered to detect overcurrents due to both overload and faulty power supply, and interrupt the supply to prevent damage. Designed and developed by V-Guard's ISO 9001:2008 certified and DSIR recognized R&D, these domestic switch gears are made from high-quality components, quality checked at all stages through the manufacturing process and equipped with latest technology and advanced features to deliver superior performance.

Salient Features

Rugged and Highly reliable Switch Mechanism for long service

State of the art Arc Runner System

DB's are suitable for flush and surface mounting
