W.E.F. FEBRUARY 2023 V1

Transforming Lifestyles Through **Innovation & Technology**

Since our inception, we have been striving to provide an extraordinary lifestyle through revolutionary products in the home electrical space.

We started our journey with a vision to make comfort and luxury a reality. With passion, relentless efforts and commitment we have developed quality and innovative solutions. We are proud to be honored as the 'World's Best Brand of the year 2017-18' for South East Asia. In the year 2022, we have added feather in our cap by bagging 'The Pride of India Brands' award in the home electrical category at the Best of Bharat Awards 2022 hosted by Exchange4Media.

With extensive research and development, we have developed products that are a perfect blend of design and technology. All GreatWhite products are crafted to perfection at our two state of the art manufacturing facilities that are over 2,00,000 sq. ft. and 3,00,000 sq. ft. respectively. To provide an extraordinary lifestyle, we have developed revolutionary products like new age Switches, LEDs, Fans, Home Automation, Wires & cables, Switchgears and more.

We are proud to spread the Great lifestyle across India with more than 5000 dealers. With a vision to establish our footprints across the globe, we have marked our presence in UAE, Nepal and Africa. Renowned for quality, GreatWhite has a vast clientele in India from various industries like real estate and infrastructure, hospitality, government institutions and more. We are proud to work closely with the top architects, consultants and designers in India.

At the heart of GreatWhite lies Innovation, luxury and passion. At GreatWhite, we leave no stone unturned to raise the quality of life and therefore, we create solutions that harmonize design and technology. Join us in our journey of luxury indeed in the journey of Great.

great-white.in

Welcome to the world of Great!

I was thrilled with GreatWhite's vision of providing an extraordinary lifestyle and was fascinated by the revolutionary products that brand has developed in the home electrical space. The brand has redefined the meaning of comfort with solutions that are not only innovative but at the same time environment friendly too. The idea of creating a comfortable lifestyle with a sustainable environment is the true meaning of luxury and this enticed me for the association with the brand.

With this association as brand ambassador of GreatWhite, I feel privileged to promote luxury and comfort to consumers across the globe. The world is changing and I believe the need for convenience and safety is the need of the contemporary world. Brand's philosophy of providing a better life with innovative and ultra-modern solutions resonates with my personality. Moreover, the commitment towards work and relentless efforts to create the products of exceptional quality and standards, sync with my belief.

I welcome you to this journey of luxury indeed to a journey of Great.

IMAGINATION UNLIMITED

*imagination
influences
everything*

The ability to imagine things pervades our entire existence. It influences everything we do, think about and create. It leads to elaborate theories, dreams and inventions in any profession from the realms of academia to engineering and the arts. Ultimately, imagination influences everything!

With unfolding imagination, we have intended to create products that successfully deliver a comfortable life.

SHUTTER SOCKET
Built for safety. All live parts are hidden, which opens only when a plug top is inserted.

METAL INSERTS
Adds rigidity and strength to the larger frame sizes from 6 modules and beyond.

STURDY UNDER-GROOVE
Adds strength to the frame for firm and secured installation.

HONEYCOMB FRAME
A closely knit geometry inspired by the natural architecture of a beehive that provides structural sturdiness and strength to the whole assembly.

**ROBUST.
DURABLE.
SAFE.**

ENTIRE RANGE OF TRIVO IS CAREFULLY DESIGNED AND CRAFTED TO PROVIDE COMFORTABLE AND AESTHETIC EXPERIENCE FOR LIFETIME.

FIANA[®]
SMART MEETS BEAUTIFUL

GreatWhite[®]
Electricals

ENHANCES BEAUTY.
AHEAD IN TECHNOLOGY.

Introducing Fiana switches that ease up life. The switches are designed with an upgraded technology that ensures smooth operation. The smooth switching functionality, sophisticated design and wide range of colours make it the most eligible switch at every home.

Introducing
PETRA[®]
POLYCARBONATE

A TRUSTABLE
COMPANION
FOR EVERYDAY
LIVING

Your home is your little world that has everything you need. Our Petra range of switches and accessories make your everyday living simple. Designed to cater the basic needs of every home, Petra products are manufactured with quality material with the support of ultra-modern technology. Discover a varied selection of contemporary accessories for diverse household requirements from spike guards, extension cords, adaptors, doorbells, plug tops, holders and lots more.

The benefits of quality, functionality and affordability are inculcated in each product that helps you every day.

Secure your world with the power of 3

At GreatWhite, we believe in uncompromised safety. With this unwavering belief, we have created Secure-X wires and cables with triple layered Insulation that provides three times more protection than ordinary cables. The wires & cables have a heart of the copper with highest purity electrolytic grade and it's insulated with a superior grade PVC compound, tailor made for each cable. Manufactured at state-of-the-art facilities with best manufacturing practices adhering to international standards, our wires and cables are safe and reliable.

The range includes Single Core PVC Insulated Wires for residential purpose. The category also includes Panel Wires, Multi Core PVC Insulated and Sheathed Cables adhering to BS and International Standards.

THE **POWER**
OF **3**

SecureX
WIRES & CABLES

ATTRIBUTES

TRIPLE LAYER INSULATION FOR TRIPLE PROTECTION

SecureX Cables come with a unique triple layer insulation to ensure three times the protection - a one of its kind feature unique to SecureX wires.

105°C BASE INSULATION

The base layer consist of 105°C temperature rating as against the 70°C of any ordinary cable. The middle and top layers are exceptionally flame retardant (FR). SecureX thus ensures Triple protection of your life and property.

PURE COPPER - PUREST TO THE CORE

At the core of SecureX Cables is the highest purity Electrolytic Grade Copper as against lower grade copper used in ordinary cables that offer poor conductivity. With greater than 100% conductivity ad per IACS (International Annealed Copper Standard), the energy losses are minimal resulting in lower power bills.

PURE PVC INSULATION

Pure, superior grade PVC resin and compounding ingredients are used to produce the in-house specially formulated and tailor-made PVC compound for each type of cable that has higher insulation resistance, thermal stability and exceptional fire retarding properties. The purity inside ensures safety, reliability and long cable life.

INTRODUCING THE **SecureX** FAMILY

With over 50 years of experience in electrical solutions, we understand the importance of cables in electrical installation, as it connects various devices and appliances. The most important criterion for a cable is its suitability for a particular application and level of Safety and Protection. This is why we have 3 distinct categories of cable, ranging from normal/ regular to the special use as opposed to 'one solution for all approach, and guarantee effective Safety.

SecureX

FR-PVC With 105°C base Insulation

SUPERIOR MULTI LAYERED PROTECTION

SecureX Cables are manufactured on the state-of-the-art insulating lines employing the most advance technology for its perfectly bonded triple layer insulation.

The first Heat Resistant Flame Retardant (HRFR) layer primarily tackles heat generation caused by current flow. It also possesses flame retarding properties. The middle and top FR (Flame Retardant) layers fight and retard the fire propagation in the event of an accidental fire.

The HRFR PVC layer withstands temperature rise up to 105°C which may be caused due to excessive power draw, voltage fluctuation or spike. In addition, it acts as barrier to excessive heat transfer to the FR middle and top layer.

GreatWhite[®] Electricals

SecureXFR-FX

FR-PVC With 105°C base Insulation

FLEXIBLE CABLES

With a highly flexible class 5 conductor and specially designed Flame Retardant (FR) flexible PVC insulation compound that imparts exceptional flexibility, these cables can be used in confined and constricted spaces. Our flexible cables assure maximum stretch endurance and zig zag / sharp hairpin bends without any stress to the insulation.

SecureXPlus
FR-LSH With 105°C base Insulation

FLAME RETARDANT - LOW SMOKE & HALOGEN WITH 105°C BASE INSULATION (FR-LSH)

With all properties of FR, the insulation of SecureX Plus Cables is further fortified with low smoke and low halogen emission characteristics. These Cables emit 50% less smoke as compared to other cables and with even lesser amounts of corrosive halogen acid and toxic gases. These are good to use in modern homes using multiple electrical appliances with high power draw, high rise residential buildings, commercial complex, public place, schools, hospitals, etc.

SecureXUltra
ZHFR with 105°C base Insulation

ZERO HALOGEN FLAME RETARDANT (ZHFR) ZHFR with 105°C base Insulation

Made with best grade imported ZHFR insulation, SecureX Ultra Cables guarantee absolute zero emission of smoke and harmful toxic gases like halogen in an event of fire. Thus, SecureX Ultra Cables are best suited for superior safety of residential and commercial complexes, theatres, metro railways, chemical and nuclear plants, high security and defence installations, etc.

TELEPHONE CABLES

Solid annealed, highly pure and conductive bare copper of 0.4 / 0.5 diameter insulated with high density polyethylene, is designed for voice clarity, elimination of cross-talk and echo. GreatWhite Telephone Cables ensure improved transmission quality, unimpaired and clear reproduction of voice.

LAN CABLES

Cat6 300 Mhz UTP Lan Cable while possessing the performance characteristic of Cat5e, this higher category cable is designed for higher electrical performance (at 300 MHZ) and higher speed data transmission capacity for mission critical LAN application or structured cabling services.

- Low Attenuation and Cross Talk • Low NEXT (Near End Cross Talk)
- Low Powersum NEXT • Ideal for use in horizontal structured cabling.

uPVC CONDUITS & FITTINGS

PRIORITIZING SAFETY

The world around us is growing at a rapid pace. The necessities and demands of contemporary households have transformed. At GreatWhite, we understand that with the increase in standard of living there is an increase in demand for safety and hence we are creating solutions for the changing lifestyle. Since its inception, GreatWhite has developed revolutionary products made from highest quality raw materials and has set a benchmark in the home electrical industry.

GreatWhite brings electrical conduits that are manufactured from a specially formulated unplasticised polyvinyl chloride (uPVC) to meet the demands of the contemporary homes. Made from extra virgin uPVC, GreatWhite conduits have higher impact strength and can withstand the toughest installation environment. GreatWhite conduits provide immense protection to wires against evolving times and situations.

KEY FEATURES

VIRGIN PVC

GreatWhite's uPVC conduits are manufactured with virgin uPVC (a polyvinyl chloride in a pure form) material and modern technology. uPVC conduits have great strength, flexibility and durability that make them favorable for electrical applications.

SPRING TEST COMPLIANT

GreatWhite uPVC conduits have passed the spring test that proves the conduits have high strength and flexibility that prevents it from breaking and cracking.

RoHS COMPLIANT

GreatWhite's RoHS compliant uPVC conduits ensure non-inclusion of harmful and toxic substances and are safe for the environment.

HIGH IMPACT

GreatWhite uPVC conduits have high mechanical strength that is attested by various tests. Hence it can be used in high rise buildings, hospitality industry, government infrastructure and other residential and commercial spaces.

SOCKETED END

GreatWhite uPVC conduits come with one socketed end that helps in fast and easy installation.

QUICK & EASY INSTALLATION

GreatWhite uPVC conduits have a smooth finish from the inside that makes pulling and installation of the wires easy.

CORROSION FREE

GreatWhite uPVC conduits are non-corrosive in nature and remain non-affected by corrosive materials, humidity and other chemical reactions making them ideal conduits at various sites.

LEAD FREE

GreatWhite uPVC conduits are lead free hence making it harmless to the environment and living beings.

FIRE RETARDANT

GreatWhite uPVC conduits do not support combustion and are designed to resist the spread of fire preventing excessive damage during hazardous situations.

Certificate of Compliance

Hereby certifies complete conformance to the requirements of REACH's SVHC (Substances of Very High Concern), the European Community Regulation standard about chemicals and their safe use (EC 1907/2006)

Certificate No.: UQ-2022022646

Manufacturer
Name : GREAT WHITE GLOBAL PRIVATE LIMITED
Address : Survey No. 36/1, 32/2/P1, 35/2, 38/P1 & 39, N.H. Road No.8, VIII, Gundlav, Valsad-396035, Gujarat, India
has been self-assessed and is complying with the requirements of:

REACH

(Registration, Evaluation and Authorization of Chemical Substances – EC1907/2006 System of specific information relating to Dangerous Preparations, 2001/58/EC, Dangerous Substance Directive 67/541/EEC, amending Directive 1989/45/EEC and repealing Council Regulation (EEC) No 793/93 and Commission Regulation (EC) No 1488/94 as well as Council Directive 76/769/EEC)

This certificate is applicable to the following scope:
PVC Insulated (Unsheathed) Single Core Cables, PVC Insulated Unsheathed & Sheathed Multicore Cables / Cores, PVC/XLPE Insulated Sheathed Single Core/ Multicore Armoured Cables, Communication Cables, PVC Conduit Pipes, Casing, Capping & PVC Tapes, Domestic Switches, Sockets, Plugs and Wiring Accessories.

This certificate is issued under the following conditions:
1. It applies only to the quality system maintained in the manufacture of above referenced models and it does not substitute the design or type-examination procedures, if requested.
2. The certificate remains valid until the manufacturing conditions or the quality systems are changed.
3. The certificate validity is conditioned by positive results or surveillance audits.
Validity of this certificate can be verified at www.ukcertifications.org.uk/verify

Date of Certification 26th February 2022
1st Surveillance Audit Due 25th February 2023
2nd Surveillance Audit Due 25th February 2024
Certificate Expiry (subject to the company maintaining its system to the required standard) 25th February 2025
